

Video chat menggunakan ooVoo

Di antara kaedah yang amat popular untuk ber chatting ataupun membuat panggilan telefon secara percuma menggunakan internet (VOIP) ialah **skype**. Namun **skype** hanya membenarkan anda untuk membuat one to one video chat.

Di antara aplikasi yang membenarkan anda membuat video chat dengan jumlah yang lebih ramai ialah **ooVoo.com**. Sekurang-kurangnya anda boleh membuat video chat atau conferencing dengan 6 orang atau lebih.

Ada banyak aplikasi yang boleh anda gunakan dengan **ooVoo** seperti yang terdapat di bawah ini :

ooVoo adalah percuma dan anda boleh menggunakannya samada sebagai satu business tool ataupun untuk menghubungi rakan-rakan anda di internet. Di antara yang boleh anda lakukan dengan ooVoo percuma adalah seperti **Video call, video chat room, desktop sharing, phone calls dan text chat**.

Perisian percuma ooVoo anda boleh bawaturun daripada laman web tersebut dan ikuti langkah-langkah yang di berikan di dalam laman web tersebut untuk memasang perisian ooVoo di laptop

anda.

Selamat mencoba dan berinteraksi dengan jaringan dan rakan-rakan anda dengan menggunakan ooVoo.

The screenshot shows the top section of the ooVoo website. It features three columns for different operating systems: Windows, Mac, and Mobile. Each column lists system requirements and provides a 'Download Now' button. The Mobile section also includes links for the App Store and Android Market. A 'NEW!' badge is visible in the top right corner of the Mobile section.
